

# Happy Spring!

Celebrate the Season with our delightful Spring Cone!

## TIPS:

- Print cone template on card stock paper
- Trim along the edges
- Place cone face down & lightly roll up the straight edges, using a wooden skewer
- Delicately train the card stock paper to reshape itself into a cone
- Hold edge to edge with one hand and hot glue the seam with the other
- Add trims if you wish from materials on hand, such as lace, pom-poms, ribbons, etc...
- Punch two holes and secure hanger using pipe-cleaner, wire, string, etc...
- Fill with candies, treats, flowers, or spring-themed novelty items, hang & enjoy!

**FUN IDEA:** Surprise a neighbor or friend by hanging a treat-filled spring cone on their doorknob or wall hook! Ring the bell and disappear :)

## ~ SHARE ~

We would LOVE to see how you decorate, fill & display your spring cones!

Please email photos for the purpose of sharing!
